

Bulletin No. 2

SPRINT RELAY

Orienteering Pergine a.s.d. welcomes you to the world championship trial, and thanks you for your participation.

MEETING AND SECRETARIAT

- From 12.45 pm, at the Marie Curie Institute of Pergine , Via S. Pietro 2

PARKING

- From 12.45, there are three separate parking areas: national teams, individual competition , organizer team. The teams are kindly requested to strictly follow the signs prepared by the organization and any indication of the staff. The secretariat is located near the parking lots and is indicated by appropriate signs.(see map)

TECHNICAL INFORMATION

- 1st woman 2nd man 3rd man 4th woman. The competition area is divided between the historic center of Pergine, almost entirely paved, and part of the hills east of the city, mainly gravel/earth surfaces.

- The timing system used will be the SIAC AIR

- From the Race Secretariat, participants must carefully follow the indications and warnings, following the map indications to reach the embargo area. All the surrounding area is under embargo; please do not leave the path indicated under penalty of disqualification.

- To access the quarantine area, each athlete must sign the entry list. Last entry at 14.00. The area is equipped with rest rooms and toilets.

- At 15 minutes from start time, the first runners will be called out from the quarantine area, their pass will be withdrawn, the SIAC system stamped and activated, and the bag / clothing can be left at the stand nearby.

- Race times are estimated around 17min for women and 15min for men. The distances (km3,0 + 93m) reported on the maps and in the race informations are estimated along the optimal path according to the tracer / controller.

- For the relay/transition, every athlete must follow the passage of its companion at the “show check point” and then reach its own relay position .

- The relay/transition area will be prepared with a special post dedicated to each team. The “leaving” athlete will wait at his team position; at the touch of his companion, he can then extract the map from its support and leave. The “arriving” athlete is requested to continue to the finish zone, respecting as much as possible the relay/transition of other competitors.

- After the race, athletes can withdraw their garments at the stand specially set up by the side of the quarantine area.
