Extract from the federal technical regulation:

3.2. Interdiction of the competition ground

- Unless specifically granted by the National Technical Commission, for the 3rd and 4th level competitions, the area in which the race will take place is forbidden to all members from the moment the calendar is published; ...

The Organization must monitor compliance with this rule and report any infringements to the appointed Competition Judge.

- For competitions in urbanized areas, the ban does not apply, but the use of local maps with the times indicated above is prohibited in these areas.
