The arena layout will respect this. Detailed instructions per race will be issued few days before the races, that all current rules at the date of organisation will be considered.
All teams must organise their own accommodation and transport due to the Corona Virus. The Covid19 responsibility of the organisers begins and ends on the parking lot of each competition. The teams are in charge of all time in between.
Current Swiss rules allow sports teams to enter up to 5 days for an international competition with an invitation letter from the organiser, if you should be on the Swiss quarantine list.
- Accommodation** Must be organised individually. The competitions take place very close to the French border, it is possible to find more affordable accommodation there as well.
