

Etrusk TrailO Weekend - WRE

Banditaccia (Cerveteri) – 28/29 October 2023

Bulletin n.3

published on 26/10/2023

Please refer to Bulletin n.2 ([link here](#)) if you don't find something in this document

Note on mapping	Be aware that when there are many caves entrances in a small area the cave symbol can be omitted
Embargo	All the old map is embargoed all the time. You can only stay between the parking place, the event centre and the Pre-Start When TempO competition ends, you are allowed to go back to the TempO area for some photo-opportunities. Sunday morning before Pre-O you are allowed to visit TempO stations 1 to 5 - don't go any further, come back through station 1
Zero tolerance	For both competitions 4m
Solutions	Solutions will be published online only on https://asdorsamaggiore.it/28-29-ottobre-2023-etrusk-trailo-weekend-wre/ . A small amount of paper copies will be available for competitors without internet connection.

Saturday 28th October – WRE TEMP-O event (Italian champs)	
Start	Pre-Start is near the sample station - 50 m from event centre
Courses	OPEN ELITE / PHYSICALLY CHALLENGED: 7 stations with 5 tasks each (500m) DIRECT / BEGINNERS: 4 stations with 5 tasks each (300m, same stations of ELITE course - after station 4 go back to event centre)
Stop instructions	There are some stations without a stop sign – you will wait at the previous station until the next station is available - please follow directions of the marshals. There are times that you must walk through the flags while a competitor is solving the task. This shouldn't worry you: <u>walking with a steady pace not looking to the competitor will not cause any problem</u> , it is like a tourist walking through. This is needed for the correct flow of competitors and to avoid queues, again <u>please follow directions of the marshals.</u>
