RACE AREA

PRAGLIA

Piani di Praglia offers a terrain rich in details with rocks and diverse topography. Wooded areas with good accessibility alternate with open terrain featuring moderately uneven ground. Dense vegetation patches are rare and do not hinder progress on the terrain. The morphology includes moderately steep areas while the trail network is limited.

FAIALLO

Passo del Faiallo offers the classic Apennine terrain characterized by deciduous forests, with accessibility ranging from good to excellent within the woods and practically absent undergrowth. Some areas of open terrain with moderate to good accessibility are also present. The trail network is not extensive, and the trails are occasionally rough. There are slopes of varying steepness in some parts, rich in terrain details and rocks.

CAMPO FIGURE

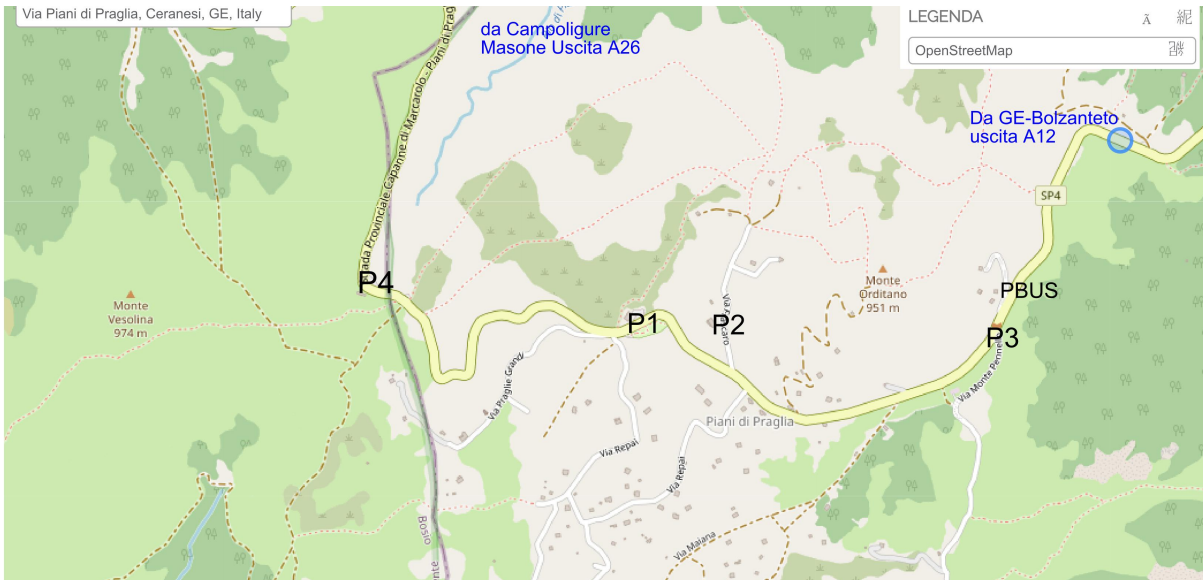

The town of Valle Stura is the "National Center of Filigree" and one of the "Most Beautiful Villages in Italy." Its historic center is a dense maze of narrow alleys enriched by numerous arcades and staircases. Dominating the town is the Spinola Castle, a perfectly restored building surrounded by a beautiful well-kept park. Surrounding the historic center is the recently constructed residential

area; the town's sports area is accessible via the beautiful medieval arched bridge of San Michele or Adelasia or Adelaide.
