Grantorto TrailO 2026

BULLETIN PreO Sprint - 1st Italian Cup Stage – CHIS Cup

Saturday 31 January 2026, Grantorto

ASSEMBLY POINT: from 13:00 at the sports facility in via S. Antonio, 23, Grantorto (PD). Parking close to the assembly point. [GPS: 45.601433 N, 11.737850 E](#). There are accessible toilets.

BIB NUMBER: It is mandatory to wear the bib number.

START 2,5 km from CC; follow the marked route in this [link](#) and then follow stripes and signs. It is allowed to go by car to parking “[Parcheggio Grantorto](#)”, [GPS 45.60556, 11.75047](#): start is 500m from this parking. First start at 14:00, and start times are according to the startlist.

MODEL: 300m before the start.

MAP: **Grantorto Sud**, ISSprOM-2019 enlargement in scale 1:3000, with symbols kept in scale 1:4000, contour 2m, first version in 2019 updated in 2026 close to the points.

FORMULA: PreO Sprint. Time of Paralympic competitors will be multiplied by the factor 0.8 for the athletes in wheelchair, and the factor 0.9 for the others (Guidelines TrailO IOF 2024).

ZERO TOLERANCE: 4m, increased to 8m in case the object is more than 50m apart from the point of view. Nevertheless, for some tasks at a distance slightly larger than 50m and with good visibility, the zero tolerance is 4m. For sake of clarity, the 8th column of the Point Description will specify if the task has 8m of zero tolerance.

CLASSES

	Length	Tasks	Slope	Max time
Open Elite	325 m.	22	5 m	33 min.
Paralympic	325 m.	22	5 m	41 min. wheelchairs, 37 min. others
Verde (Green)	325 m.	22	5 m	45 min.
Bianco (White)	325 m.	22	5 mi	50 min.

The course is the same for all classes, and is composed by three parts:

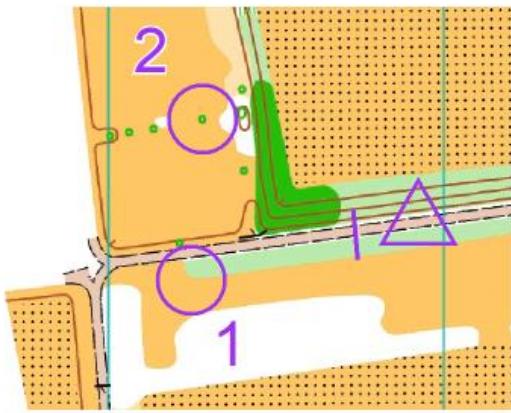

- Part 1, length 90m; transfer from Finish 1 to Start 2: 100m
- Part 2, length 155m; transfer from Finish 2 to Start 3: 300m
- Part 3, length 80m; distance from Finish 3 to “Parcheggio Grantorto”: 1.3km.

PUNCHING: system Toe Punch will be used. In case of failure of a station, the athlete should punch with a needle the corresponding row of Point Description, using the last two columns: column 7 = A, column 8 = Z. In this case, he should inform immediately the nearest marshal. If both manual punching and Toe punching are present, only the Toe punching will be considered.

TERRAIN. The competitor can use only the main path. The path is paved. In some zones will be allowed to leave the path: there will be stripes marking the limit of the allowed terrain.

Due to variation of the river level, the coast border can be different in respect to the representation in map.

ONE WAY In the first and second part of the course there are two One Way, one in each part. Every One Way is marked in map with a red thin line |, and in the terrain it is marked with a sign and a strip crossing the path. It should be considered like a virtual barrier which can be crossed only forward, and cannot be passed backward. Order of punching is free, but the Toe Punch stations before the One Way, have to be punched before crossing it. This is an example of One Way in map:

1	A	X			L
----- ONE WAY ----->					
2	A	Δ			O

In this example, the One Way is shown in the map as a red line, and in the Point Description is represented by the row "One way". The Point Description shows that the punching station of task 1 is placed before the One way, while the station of the task 2 is placed beyond. Therefore necessarily the competitor should give the answer to the task 1 before crossing the One Way. After passing the line, it will be possible to punch the station 2. At this point it will not be possible to come back to station 1.

FINISH: After the finish the competitor should go back to the CC following the directions given by the marshal and the signs. Only the Paralympics can go back using the same path of the course.

RESULTS: Published in [Oribos Live](#).

PRIZEGIVING : on Sunday at the end of PreO competition. Prizes for the first three Open, Paralympic, Verde, and for the first Junior.

JURY: Alessio Tenani, Federica Anedda, Nicola Galvan.

We wish to thank the volunteers.

The organisers wish you an enjoyable competition!
