### MAP

Montemarcello

2025/2026 (M. Lambertini - S. Curzio - A.Tenani; totally updated and expanded from old map of Francesco Buselli), ISSprOM 2019-2. Scale 1: 4.000, 2.5 m. Format A4; the map is printed on tear-resistant material.

## **RACE TERRAIN**

The race takes place in the historic village of Montemarcello, featuring a compact network of narrow stone alleys, archways and stairways winding between closely spaced houses. Frequent changes of level, tight corners and short legs demand precise navigation and constant attention to direction.

Some parts of the course reach the edges of the village, where small open areas, and panoramic paths through offer faster running and route-choice options.

**Terrain:** 80% asphalt, 20% soft surface (single track, forest).

## **START / CHANGEOVER**

A demonstration of the procedure will take place at 14:45 in the arena. The first runners will be called to the line-up at 14:55.

Spectator race will start from the arena from 16.00 to 16.30, with punching start.

Mass start for the men without a team will start as soon as possible after the finish of the sprint relay team. Expected start time 16.00.

## **TECHNICAL INFORMATION**

In the relay course there is a **map flip**, each part of the map is a A5 dimension, both parts are printed on the same A4, first part on the left, second part on the right.

**Artificial barriers** will be installed in the race area.

They are marked on the map with a 1mm thick purple line (symbol 708), accompanied by an out-of-bounds area (symbol 709). They are marked in the terrain with IOF tape (7,5 cm wide white plastic tape printed with IOF logos), placed directly on the ground (see picture).

### MAP

Brugnato

2025/2026 (M. Lambertini, A. Tenani, S. Curzio), ISSprOM 2019-2. Scale 1: 4.000, 2.5 m (update of original map of R. Madella). Format A4; the map is printed on tear-resistant material.

## RACE TERRAIN

The race takes place in the historic centre of Brugnato, featuring a compact layout of narrow streets, small squares and interconnected alleys that create frequent direction changes and route-choice challenges. Short legs, corners and passageways require precise navigation and continuous map contact.

**Terrain:** 95% asphalt, 5% soft surface

## START

The start is a 5-minutes' walk from the arena; follow the signs. Warm-up is only allowed on the road between the arena and the start. Call up at -3'.

## TECHNICAL INFORMATION

In black course there is a **map flip**, each part of the map is A5 dimension, both parts are printed on the same A4, first part is on top.
