Rules

Wearing a helmet is mandatory. A bicycle must be carried at all times.

It is not permitted to leave the trails marked on the map.

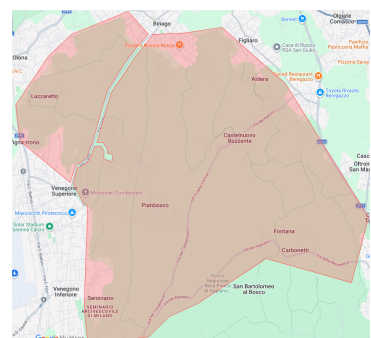

Tracks marked as "not passable" (symbols 716 "Forbidden route" and 718 "forbidden to pass") are strictly forbidden, offenders will be disqualified.

Be aware of other trail users (hikers, horseback riders, dog owners).

Always expect oncoming traffic and respect road rules (stay on right side, give way and caution and advise with one arm when crossing roads). Participants depart at their own risk. The organizers decline all liability. Insurance is the responsibility of the participants.

Forbidden Areas (Embargo)

In accordance with point 13 of the IOF regulations, the competition area is subject to an embargo. Access to the area indicated on the following map is prohibited to athletes, technicians, and accompanying persons:

Special information

In some cases, to improve the visibility of the trails marked with symbols 829 and 830 (orange dashed line), orange flags have been placed, identical to those shown in the photo on the side.

Regarding complaints and all technical aspects of the competition, the following rules apply:

- Elite classes: WRE rules. Any "complaint" must be submitted to the race office within 15 minutes of the publication of the competitor's result.
- All other classes: FISO rules.

Some classes include a "map flip"; please refer to the specific class table for each individual race.

According to IOF Rule 26.10, once a competitor has crossed the finish line, they may not re-enter the competition terrain without explicit permission from the organizer. If the Finish punching station fails to validate the pass, the athlete must stop safely beyond the line and report it to the race officials rather than turning back. Failure to comply will result in disqualification.
